

Bio Kay Dando

Kay and her husband Bill Dando were seasonal residents for two years before deciding to sell their home in Pennsylvania and move to The Villages full time in June 2021. They live in the Village of Dunedin.

Kay graduated from Quinnipiac College in 1972, her career in Information Technology started as a COBOL computer programmer and progressed to various management positions and finally as a project manager for software development.

After retirement Kay volunteered and led a Habitat for Humanity Women Build Project in Williamsport PA. The group was responsible for raising money, training volunteers in construction skills and building a house for a single mother and her two children.

Kay's pass times are golf, bridge and reading. She is looking forward to spending time with Hometown Civitan and finding ways to give back to the community.
