

Laura McLaughlin Bio

I grew up and attended public schools in Charleston, WV. Following high school, I went to Mary Baldwin College in Staunton, VA, graduating in 1969 with a BA degree in Psychology.

I first joined Civitan some 20 years ago in Jacksonville, FL, as a member of Uptown Civitan. And so, when I moved to The Villages in 2016, it was a given that I would continue my involvement in the newly-formed Hometown club.

Being active here has continued to be one of the gifts in my life. I have forged new and meaningful friendships, connected with community leaders outside The Villages, and in general received so much more than I have given of my time and talent. There is a niche within Hometown for any woman who wants to give back to our community.
